

SEM Model 2 SSD

Enterprise SSD Disintegrator

Global Leader in High Security Information
End-of-Life Solutions for Over 50 Years

- A** Easy to use operator interface
- B** Internal waste collection bin with auto shut-off
- C** Custom sound enclosure

Options and Accessories:

- Replacement/spare knives
- Replacement/spare screens
- Replacement/spare waste collection bin
- International voltage
- Carbon-based pre-filter and HEPA air filtration system
- Vacuum
- Maintenance tool kit
- At-site set-up, installation, and training
- Preventive maintenance contract
- Extended warranty
- CE Marking

Specifications:

Capacity	Approximately 180 enterprise solid state drives/hour and/or up to 500 consumer SSDs/hour at nominal size of 2mm ² (greater capacity with larger screens)
Final Particle Size	Approximately 2mm ² depending on sizing screen
Media Feed Opening	8.75" H x 1.5" W
Waste Collection	Internal bin – 3 gallons
Electrical/Motor	3-Phase 208/230/460v—60Hz/5 HP International voltage available
Dimensions (HxWxD)	49" x 53" x 34"
Weight	2,000 lbs.
Warranty	1 year non-wear parts/90 days labor

Standard Features:

- **Specifically designed for enterprise drive destruction with increased torque enabling the system to cut through multiple steel plates, carriers, and other enterprise drive constructed components**
- Enhanced dual stage cutting system to efficiently destroy solid state devices such as solid state drives, cell phones, thumb drives, laptop boards, and memory modules
- Specially enhanced cutting blades and sizing screens to provide maximum throughput
- Hour meter
- Weight scale with timed shutdown
- Keylock E-stop
- Made in the USA — TAA compliant
- Output is dependent upon size and thickness of drives and proper power

SEM Operator Health and Safety Package Included:

- Custom steel insulated sound enclosure for maximum sound control
- Internal carbon-based pre-filter and HEPA air filtration system for odor and dust control
- Illuminated operator Interface controls
